Cultural learning follows a path from the simple to the complex, from the concrete to the abstract, and from the perceptual to the rational.

- ✓ Improve students' ability to communicate in Chinese and English.
- ✓ Deepen students' understanding of the local Chinese culture.
- ✓ Increase students' love for Eastern and Western cultures; develop students who are well-versed in both Chinese and Western cultures.
- ✓ Acquire 21st century competencies and develop global perspectives.

This section of content can be included in the Chinese language classroom teaching plan of the school as one of the bilingual teaching materials.

Various activities of different scales and forms can also be organised in conjunction with festivals.

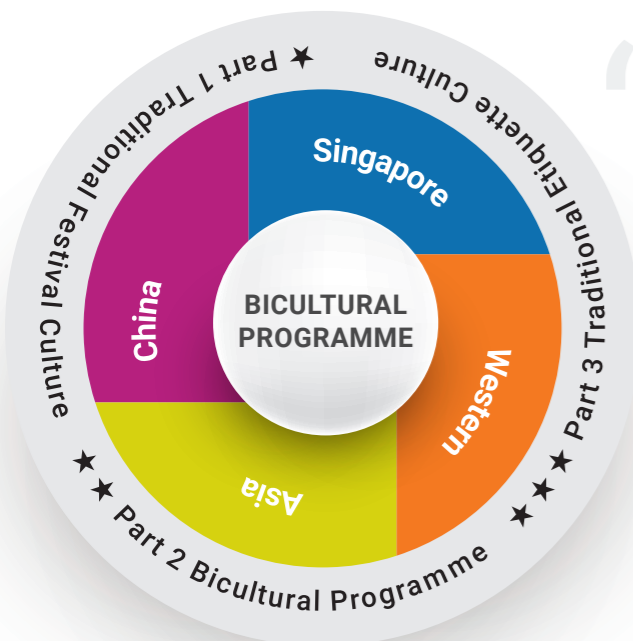

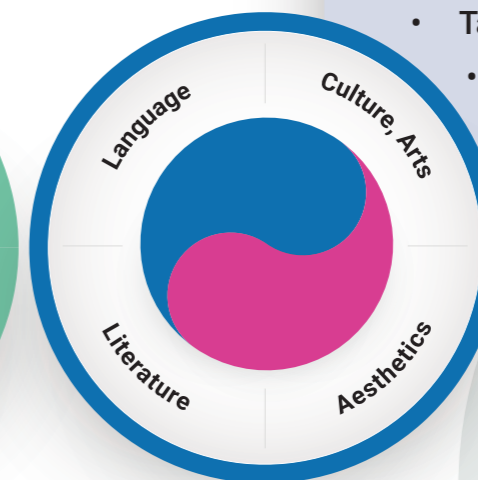

\* Lesson duration: 4 lessons

Through practical exercises, students can gain a deep understanding of, respect for, and appreciation of different cultures in the world, to truly become "global citizens."

- Kite Making
- Calligraphy
- Ink Painting
- Speech & Drama
- Stage Play Performance
- Traditional Literature
- Tang Poetry & Song Poetry
- The Four Great Classical Novels
- Traditional Customs

\* Lesson duration: 26 lessons

*We believe that our students will become global citizens who are adaptable to the various cultures and develop intercultural understanding no matter where they are. Only by understanding and appreciating the different languages, cultures and customs in the world can we truly be global citizens. This is also in line with our Invictus Schools values.*

\* Total course: 40 lessons, one lesson per week, each lesson is one hour.
